## PROJECTS

### Personal Portfolio

10/2022 Kathmandu

As a passionate web developer, I have completed my first-ever project, which is my personal portfolio.

- Basically, it's my personal portfolio where I showcase the things I have done in this modern world where everything needs technology.

### Inventory Management System

12/2022 Kathmandu

- I developed this for my former organization, showcasing my skills in both frontend and backend.

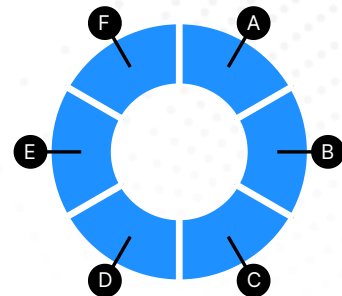

## ACHIEVEMENTS

### Proud For

At my age, where everyone is busy flirting with girls and trying to impress them, I am solely focused on how I can learn more today
